

## Web Feet Communications Website Accessibility

We want our visitors to the website, including persons with disabilities, to access information about us through our website or by other means.

The following links may provide helpful information for optimizing your computer and browser to improve your user experience on these web pages and to have web pages read aloud to you if needed:

The Social Security Administration provides the following pages on their website to help you:

[Increase Text Size](#)

[Magnify your screen](#)

[Change background and text colors](#)

[Make your mouse pointer more visible](#)

[Use your computer to read web pages out loud](#)

If you have any trouble reading, hearing or using information on our website, please call us or write us. We'll be happy to provide that information through other means.
